**BETA SCALE**

**MODEL**

- B1**
- B2**
- B3**

The BETA-Series includes scales with a rugged weighing platform, with an excellent price to performance ratio, designed to suit a variety of weighing applications. Heavy duty conceived construction, with a stainless steel load plate and a reliable, approved load cell, ensure that the industrial demands in performance and accuracy are met to the maximum.

**PRODUCT HIGHLIGHTS**

- Superior structural design and finish
- Steel construction (ST 37) and Stainless steel weigh plate
- OIML approved for 3,000div.
- Internal resolution: 1/600,000
- Responds quickly with accurate weights
- Standard stainless steel pan and dust cover
- Multiple platform capacities and portability
- Wash down housing design
- Power : Rechargeable battery powered  
Battery provide up to 90 hours of continuous use.

BETA: Light Industrial Scale

- Low in cost
- High in performance

The ideal choice for a variety of weighing applications
